

A BIT MORE ABOUT ME AND WHAT I BELIEVE IN

I grew up on Fraser Road then Ivydale in Brixington

I was elected to represent the Brixington area for both town and district councils from 2007 to 2011

From 2009 to 2011 I was hugely honoured to be Mayor of Exmouth, and was fortunate to meet so many individuals and groups who work so hard to improve our town

In 2011 I stood down from council due to work commitments

IN THE EXMOUTH COMMUNITY

I am the current Chairman of the Exmouth Lifeboat Management Group

From 2007 to 2009 I was Chairman of the Exmouth Festival

Previously I was a board member for Leisure East Devon

I have also worked for Exmouth and District Community Transport Group, a charity that provides quality of life for the elderly and for people with mobility difficulties

WORK

I was the Head of PR and Marketing for the World of Country Life in Exmouth

In Canada I studied and worked, helping organisations such as Testicular Cancer Canada raise awareness

For the past three years I have worked as National PR and Communications Manager for the Association of Town and City Management - supporting town and city centres to improve across the UK, Ireland and Europe

THE FUTURE OF EXMOUTH

We need to increase and improve the facilities in the town for people of all ages, making it even more attractive and exciting for residents and visitors

We must ensure that businesses continue to invest and open, keeping up the momentum of recent years that has seen many new ones coming to the town - boosting the local economy and providing good jobs

The Brixington green belt must be protected - any further housing must come with much needed infrastructure and facilities for the community

VOTE DARRYL NICHOLAS

X

FOR TOWN AND DISTRICT COUNCIL ON THURSDAY 6TH OCTOBER
